Attachment C  
List of Resident Advisory Board Members

Two residents of the THA serve on the Resident Advisory Board: Frances Dishman and Tina Mitchell.

## Attachment D

### Community Service Description of Implementation

As a condition of occupancy in the public housing owned by the housing authority, each non-exempt adult will have to contribute eight hours per month of community service or participate in an economic self-sufficiency program for eight hours per month.

Community service is the performance of voluntary work or duties in the public benefit that serve to improve the quality of life and/or enhance resident self-sufficiency, or/and increase the self-responsibility of the resident within the community in which the resident resides. Political activity is excluded.

An economic self-sufficiency program is any program designed to encourage, assist, train or facilitate the economic independence of residents and their families or provide work for participants.

At the time of initial occupancy and the regularly scheduled reexamination, the housing authority will identify exempt and non-exempt family members. It will also review the extent of compliance with this requirement on the part of the family members who are subject to the requirement. If the person is found not to be in compliance, the housing authority will so notify the person of the noncompliance and inform the person that this determination is subject to the grievance procedure. The person will also be notified that unless he/she enters into an agreement to cure the noncompliance during the next twelve-month period, the lease of the family of which the person is a member will not be renewed. A cure of the noncompliance involves completing as many additional hours as is necessary during the twelve-month term of the lease.

Tenant leases have been revised to reflect the service requirement.

## Attachment E

### Information on Pet Policy

Residents of the housing authority have the right to own common household pets subject to the reasonable requirements of the housing authority. Among those reasonable requirements are that the pet be registered with the housing authority. Registration includes:

- having the pet licensed and inoculated.
- the resident has entered into a Pet Agreement with the housing authority.
- dogs and cats must be neutered or spayed.

The Pet Policy limits the kind of pet, the number and weight of the pet(s) and mandates a pet deposit. The policy also limits the behavior of the pet and the conditions for the removal of the pet from the premises of the housing authority.
